DESR_{CK}

A PUBLICATION OF THE DESK AND DERRICK CLUB OF LAFAYETTE

OUR PURPOSE

The purpose of the Association of Desk and Derrick Clubs is to promote the education and professional development of individuals employed in or affiliated with the petroleum, energy and allied industries and to educate the general public about these industries.

OUR MISSION:

Our mission is to enhance and foster a positive image to the global community by promoting the contribution of the petroleum, energy and allied industries through education by using all resources available.

As our state remains in phase 3, we will continue our meetings at the Petroleum Club of Lafayette. We have only 2 more meetings this year. November 18, 2020 and December 16, 2020.

As a reminder: The buffet will be open and they will serve our plates. Masks are required when arriving until we are at our tables in our room. We will need to wear masks when we go to the buffet.

Where: Petroleum Club of Lafayette

Cost: \$20 cash/check or \$23 if paying with credit card.

All members have a standing reservation for dinner. If you are unable to attend, CANCEL your reservation by emailing House at

ddlafayettehouse@gmail.com

You will be charged for dinner if you FAIL TO CANCEL by the deadline of 10:00 A.M. on the day of the meeting.

October 2020

September really seemed to fly by within the blink of an eye! As the world tries to recover from COVID-19, the virus continues to let us know that it's a fighter, and it is determined to find a way to keep going. On the positive side, we've been getting a nice preview of nice Fall temperatures here in Arkansas. I've seen several trees beginning to display beautiful hues of orange and gold, welcoming the departure of harsh Summer temperatures and high humidity. While I admit I am a fan of summertime, this Summer hasn't been the same, and the normal outdoor activities that I enjoy during warm weather didn't happen this year. I'm happy to get a break from the heat now.

September without ADDC Convention was not the same. We've been working on updating our Convention hotel contracts for 2021, 2022, and 2023 to make sure we don't set ourselves up for the same possible financial loss we were facing this year due to the pandemic. We got lucky with the Sheraton Pittsburgh in the end though. Since the hotel is still not back to normal operations and would not have been able to host our Convention last month, we were able to void our contract with them, allowing us to renegotiate a more favorable contract or look at other hotel options that better fit our needs for 2022. Considering our attendance in 2022 could be lower; the room, food, and beverage requirements in the existing contract would have made it very difficult to meet without losing money.

The 2020 Registrar Committee is still receiving and counting club ballots for our election of 2021 Officers. The current problems plaguing the US Postal Service led to some presidents not receiving their official ballots timely, even though they were mailed out several weeks before the deadline to return them. Since this is our first time to elect our officers in this unusual manner, we want to make sure your voices are heard and that every club that submits a ballot by the deadline is counted. We still hope to announce the election results around October 1. I know we are all anxious to know and to congratulate our newly elected 2021 Board. Stay tuned!

The 2nd Quarter Financials are also on their way in the coming days. There are just too many things happening in the past few weeks, but we're almost there. After the upcoming Board Meeting, we'll have more to report

November 2020

Happy Thanksgiving to my D&D family! As the end of 2020 grows near, I hope we all can reflect on the year and remember at least some moments of success, happiness, and good fortune. That can certainly be a challenge for a lot of our fellow ADDC members, family, and friends with everything this crazy year has thrown at us. It seemed like around every corner, when we thought the light at the end of the tunnel would finally appear, there was only another long and dark stretch of highway. Let's all continue to pray for an end to the pandemic and a fast recovery for our nation's people and businesses.

Congratulations to our newly elected 2021 Officers: President-Elect, Philana Thompson; Treasurer, Barbara Pappas, and Secretary, Connie Bass. Each of them is passionate about ADDC, I'm sure they will bring some great experience and new ideas to help lead us in 2021!

The 2020 ADDC Board of Directors had a successful virtual board meeting, via Zoom Meeting, on Saturday, October 3rd. The Board heard reports and requests from ADDC Committee Chairs, discussed 2020 membership numbers, and ADDC finance. As we all are aware, this has been a slow-moving year for the Association. The pandemic brought membership meetings pretty much to a halt in the early months this year. Some clubs were able to get some meetings in by video conference, and some have been able to manage to have some physical meetings in more recent months. With D&D activities curtailed, most of our committees did not have much going on. However, the Club Bylaws/Guidelines Review Committee was able to work on updating some committee guidelines and review the club bylaws that were sent in according to the schedule outlined in our ADDC Bylaws. Several clubs have not submitted their bylaws for review, and it is important to note, that clubs who have not submitted their bylaws for review, may not have a voting delegate at their Region Meeting or Convention. The 2020 Club Bylaws/Guidelines Review Committee will not review any more bylaws this year, so any bylaws received for review through the end of 2020 will be passed on to the 2021 committee who will have only a short time to review them prior to 2021 Region Meetings.

The ADDC Board still asks for our members to still put health and safety as the top priority; especially now as new COVID-19 cases are reaching all-time highs in most of the country. Remember that normal meeting requirements have been suspended this year since most state and local regulations had restrictions on group gatherings to help prevent the spread of the virus. We want each member to understand the importance of staying healthy until we can all meet again without putting ourselves at risk. Just be safe!

October 2020

Dear Members,

As of this writing, I am preparing my reports for the "Pre-Convention" virtual Meeting on October 3rd for the 2020 ADDC Board and for the "Post -Convention" virtual meeting for the 2020-2021 ADDC Board. Thankfully, with Zoom we are able to conduct our business and get all our necessary business done and get the 2021 Board ready to take over in January. I sure hope it will be a better year for everyone.

Usually, I would be talking in this letter about the ADDC Convention, but we all know we had to cancel it due to the pandemic. But now, we can start planning and looking forward to the 2021 Region meetings and the ADDC Convention to be held in New Orleans, LA, hosted by the clubs of the Southeast Region.

Members, we must continue growing our membership in Desk and Derrick to help the Association prosper. I know it seems like we have not reached our full potential and received the full benefit of Desk and Derrick membership this year, but this is just a temporary setback and we know next year things will return to a more normal level of activity.

The club presidents by now have received the certificates for all AIMEE winners that would normally be given out at Convention. Congratulations to everyone with a bulletin, article, program, field trip, seminar, or photograph entered – and a big CONGRATULATIONS to all the first place AIMEE winners. As you know, the 2020 Contest deadline is fast approaching, so finalize your articles, programs, field trips, and photos as this year is winding down. Please start thinking about what you want to submit and get your information in before the deadline.

Also, step up and run for a 2021 office for your local club if you have not submitted your name yet. The Harvest Season has already begun. We need to pick up our shovels and hoes and start digging to see what kind of crops we have grown in our Desk and Derrick oilfields. You may be surprised at what will be waiting for you when your crops are harvested.

Have a safe Halloween!!

November 2020

Dear Members,

As 2020 is starting to wind down (Finally! most of us are saying) the Gulf Coast dealt with yet another hurricane this year (which forced the Westbank Club to cancel its planned virtual meeting.) Going through the storm, as Category 2 Zeta roared through southwest Louisiana, was scary at times; however, most of the area fared well. I am truly wishing safety for all of our members dealing with fires, snowstorms, and rainstorms and the cleanup afterwards.

President-Elect Evelyn Green and Region Director-Elect Margie Steed need your help to fill Association Chairman and Region Rep positions for next year. Please get your volunteer form to fill the ADDC Committees. Also, be ready to chair or serve on a club-level committee. Take a leap and learn about something new-to-you; you have a support system with D&D to assist you with any questions.

As the holidays are approaching, I thank God that we live in America and can enjoy the liberty and freedom that so many have fought and died for.

We should be thankful for all that is bestowed and blessed upon us.

Happy Veterans Day and Happy Thanksgiving!!

October/November 2020

It's so great to finally get to meet as a group for the past couple of months. I know we have all had a great time reconnecting!

I enjoyed the program given by Lori Landry about Zoom and other ways to meet virtually and work remotely. Club member Lena Myers was able to join our meeting from home through the Zoom connection that Lori set up. Thanks Lori!

I also enjoyed the presentation by Sheri Bienvenue sharing about our field trip in February to the BP Training Facility in Houma, Louisiana. Thanks Sheri!

Club membership has approved the Board's recommendation that the club pay the renewal dues for all members for 2021 which will include the amounts for ADDC and Southeast Region dues. Thanks to members Amy Segrest and Sarah Hulin for bringing this suggestion to the Board.

Congratulations to our club's ADDC Aimee Award winners.

Desk and Derrick Membership

Survival of the Fittest in these trying times

By Kathy Martin

It has been said that

“resilience is accepting your new reality, even if it's less good than the one you had before. You can fight it, you can do nothing but scream about what you've lost, or you can accept that and try to put together something that's good”

¹ In this extraordinary year of 2020, resilience is one of the best descriptions available for members of the Association of Desk and Derrick Clubs. This is especially true for members in the Southeast Region who not only dealt with the current pandemic, but handled not 1, not 2 but 3 hurricanes in a matter of months. In times of trouble, it is so much easier to give up than to fight to the finish...but lessons can be learned from our fellow D&D members who simply brush themselves off and get back to work to make a difference! It is those strong qualities, along with the incredible educational opportunities, that make our Desk and Derrick members' top rate and provide the best “bang for your buck” with a membership in the Association! Desk and Derrick, from the local, regional and national (international) level, provides its members with more than enough quality to justify the cost!

¹ Elizabeth Edwards quote

² Lilla Liptak quote

In my early years as a member of the Desk and Derrick Club of Lafayette, I was content to sit back and watch to see just what the organization had to offer. However, when the realization hit that I would benefit so much more by becoming intricately involved, the sky opened to the possibilities and it has not stopped since. Unfortunately, membership numbers as a whole have significantly declined, going from a high of 12,750 members within 123 clubs in 1982 to struggling to maintain more than 1,000 members within 44 clubs (or less...this was last reported in 2019). Without sounding like a used car salesman (nothing against these talented people, but you get the gist of where this is headed...LOL), maybe, just maybe, our solution to the dwindling membership numbers is to SELL, SELL, SELL and the best way to do that, is with the passion each of us remaining few feel about our local, regional and association level organization!

If one takes a small trip down memory lane with some of the organizations history, or sits down for a one on one conversation with a “seasoned” member who has been around more than 40 years, it is easy to see the draw for more than 12,000 people in the early 80's!! Our convention history has delivered us to places such as Banff, Alberta, Canada, Chicago, Illinois, Los Angeles, California, Las Vegas, Nevada, New Orleans, Louisiana, New York, NY, and every place in between!! Imagine some of the stories that are waiting to be told from these amazing adventures!

The Association has expanded our reach as it pertains to the qualifications of a “member” and anyone who is interested in learning more about the energy industry (in all facets) are welcome to join! It is easy to say the Oil and Gas Industry has dwindled, thereby allowing us to blame that on our lower membership numbers, but the truth is, we are so much more diversified than that and the entire population of this great country (and Canada) are eligible! We just have to figure out a way to make them see the value of joining! I know, I know, everyone is so busy (and that applies to EVERYBODY) that it is hard to make an extra effort to engage the general public in our mission, but isn't it worth that in “spades”? Wouldn't you just love to see another individual discover the same passion for the organization that you share? In this extremely negative year, don't we need some positive vibes? As a “mid-seasoned” member (membership over 20 years), it truly is disheartening to see our organization struggle just to stay alive! Reliving the “old days” when regional meetings had 300-400+ attendees and conventions had over 1,000, the opportunities to network and form lifelong friendships were in abundance! It is my prayer that we can get to those glory days again. As Andy Stanley once said “Without courage, we will simply accumulate a collection of good ideas and regrets!” Let's not allow regrets to happen...become involved! Run for an office in your local club or at the regional/international level! Let your voice be heard and help to create a bigger and better organization for everyone! Passion + consistency = Success! ² In conclusion, let's all work together to make 2021 its own memorable year...the year we DOUBLED our membership (we need to start somewhere)!! Happy Sharing!

BP Training Facility Field Trip

~By Sheri Bienvenue
November 2020

Way back on Thursday, February 27, 2020 (pre-Covid) we loaded up into a 15 passenger van and headed East. AHHHH – the good ole days! We were definitely not 6 feet apart and no one wore masks. Looking back at, this feels like a lifetime ago, but it was only ten months ago.

We left at 8:30AM and were headed to the BP Training Facility and Fletcher/BP Integrated Production Technical Building in Schriever, LA. There were a total of twelve Desk and Derrick of Lafayette Club members that attended, two of which drove their own vehicles. We arrived at the BP Training Facility at approximately 10:00AM. We were met by our wonderful tour guide for the day, Mr. Brandon "Cowboy" Cormier. He welcomed everyone and went through a safety briefing.

We then began our tour throughout their beautiful and immaculately clean facility. During the tour it was evident that they take great pride in their facility.

We started in a room where a training skid was set up. Their vision is to take someone who has never been in the oilfield and train them the BP way. All their training areas were set up with how it would look in the field. There were sets of electrical panels, set up in this manner also. In their experience, they have found it works well like this. This way there are no surprises and everyone knows what to expect when they go offshore.

Once we finished those areas, we then entered a room with an igloo inside of it. This was their 3D immersive training igloo. We all entered the igloo and got to experience it. It was very cool, although some of the members got dizzy.

After this part of the tour, we were treated to lunch in their on-site cafeteria. The home cooked food was great and filled our bellies.

After a short rest, we continued our tour to their classrooms and other breakout rooms. We were surprised to learn that parts of their facility could be rented out.

We then loaded back onto the van and went a mile down the road to the Fletcher/BP Integrated Production Technical Building. This is a technical community college that BP invested into. They explained how their different programs work. While we were there, we observed an in session electrical lineman class. This was definitely an eye opening and educational field trip. Many of our members had great questions. It was nice to see two separate entities working hand and hand to develop future O&G professionals.

As a follow-up and to ensure that even members that weren't able to make the fieldtrip, I presented the fieldtrip as a seminar during our October monthly meeting.

who wouldn't go to the December 16th

Christmas Party

**We will be playing the steal game.
A \$15 gift is needed to play or you can
come and just enjoy the laughter it
always brings. If you haven't
participated in this yet you are definitely

HOW MUCH OIL AND GAS HAS BEEN FOUND IN 2020?

by Andreas Exarheas Rigzone
Staff Tuesday, November 17, 2020

Global conventional oil and gas discoveries already exceed eight billion barrels of oil equivalent (boe) and are projected to settle at around ten billion boe by the end of the year, according to a new Rystad Energy analysis.

About 3.75 billion boe, or 46 percent of total discovered volumes, are gas while liquid volumes are estimated at 4.31 billion boe, Rystad Energy highlights. Yet-uncounted resources in finds like Sakarya in Turkey point to additional upside, according to the independent energy intelligence company.

Rystad Energy noted that 73 new discoveries have been announced this year through October and pointed out that these are evenly split between land and sea with 36 onshore and 37 offshore. Russia leads in terms of discovery volume, with 1.51 billion boe, while Suriname comes second with 1.39 billion boe and the UAE follows third with 1.1 billion boe, Rystad Energy revealed.

Global conventional discoveries came in at 15.6 billion boe in 2019, 9.5 billion boe in 2018, 11.2 billion boe in 2017, 7.7 billion boe in 2016, 20.3 billion boe in 2015 and 17.1 billion boe in 2014, according to Rystad Energy.

"Global oil and gas operators will chase plenty of additional volumes in wildcats planned for the final two months of 2020, although some may not be completed until early 2021 and will therefore add to next year's tally," Palzor Shenga, a senior upstream analyst at Rystad Energy, said in a company statement.

Rystad Energy predicts that, in the coming years, annual discovered volumes are likely to settle at a new normal of around 10 billion boe per year. The company said it sees two main reasons for this trend.

"First, oil and gas players are streamlining portfolios and exploration strategies and will scrutinize prospects more closely than before, thereby reducing the number of wells that will be drilled," Rystad Energy said in a statement posted on its website.

"Second, companies will be less willing to drill high-risk wells in environmentally sensitive frontier areas, both for financial and environmental reasons," the company added in the statement.

Jennifer Accardo
2021 President

My name is Jennifer Accardo, candidate for 2021 President. I have enjoyed been a member of Desk and Derrick Club of Lafayette since 2014.

I have previously on the Board of Directors as Director in 2016 ; Recording Secretary in 2017; and President Elect in 2020. I have also served as Chairman of the Communication/ Training/ Education Committee and as Chairman of the Membership Committee.

I am looking forward to serving as President of Desk and Derrick Club in 2021.

I live in Lafayette, LA and have been employed with Smith Mason & Co since we opened in 2014.

Ada Weeks
2021 Secretary

Hi! My name is Ada Weeks and I have been a member of the Lafayette Desk and Derrick Club since 1988. The decision to join D&D was one of the best decisions I have made. I had known about the club for years but had 2 small children and worked full time so didn't think I had the time. Now I know it would have been a great addition to my work education. I have been in the energy industry some 40 plus years.

I have served our club at all positions except secretary. I have also served as Region III Director and ADDC as treasurer. This is a most important office for the club since they record each meeting or event for the history of the club. I am asking for your vote to this office and promise to keep the minutes and recording of the business of this club to the best of my ability.

THANK YOU FOR YOUR SUPPORT

Brittney Clark
2021 Treasurer

Hello, my name is Brittney Clark and I am running to be your 2021 Treasurer. I joined the Desk and Derrick Club in 2016. I was asked to join by a very dear friend of mine. At the time, I never realized how much of a positive impact the club would have not only on my career, but also on my personal life. I feel like the club allows me to take advantage of a number of learning experiences as well as network with people from all over the country in the oil and gas industry. I will be forever thankful to her.

I currently serve as President at my current job. We are extremely excited to announce that our company has just made 25 years old this year. For the past 10 years I have been the one to process all of our A/P, A/R, payroll, and taxes. I know if given the opportunity I can bring my knowledge of money and finance to our club.

If elected, this will be my fourth consecutive year serving on the Board. I'm extremely excited to have the opportunity to continually bring new ideas to the club. I've realized early on that the more I get involved the more I will take away from the club. Last year was an incredibly challenging year for everyone. Through the ups and downs of last year I was fortunate enough to hold 3 different positions in the club. The first position was a Director on the Board, the second was Photography/Scrapbook Chair, and the third was Publicity Chair. I've loved being involved in each of the positions because it has allowed me to express my creative side as well as get more involved and learn the behind the scenes of what it takes to run our club.

Back in 2018, I was given the opportunity to revamp our Desk and Derrick website. I enjoyed every moment of putting my creative spin on it. Everyone really seemed to like the way it came out. It is now easy to access and even more important, easy to update.

If chosen, I can assure the members that I will be bringing new, creative and fresh ideas to the club that will only push us in a positive direction. I would be honored to serve as your 2021 Treasurer of the Desk and Derrick Club of Lafayette and would truly value your vote.

Cheers to a fresh start in 2021 for everyone!!

Ramona Bienvenu
2021 Director

My name is Ramona Bienvenu, a proud member of the Desk and Derrick Club of Lafayette since 2006. I am running for 2021 Director.

It has been a privilege to serve as chairman of the Sunshine Committee, as a Director, as Recording Secretary, Corresponding Secretary, Vice President, Co-chair of the House Committee and a member of the Audit and Finance Committees.

Desk and Derrick has been a wonderful learning experience about the oil and gas industry, great trips to Region and Convention meetings which were a wealth of knowledge of understanding the Association of Desk and Derrick Clubs and wonderful lifelong friendships.

I look forward to working with the Board and our Members as your Director for 2021.

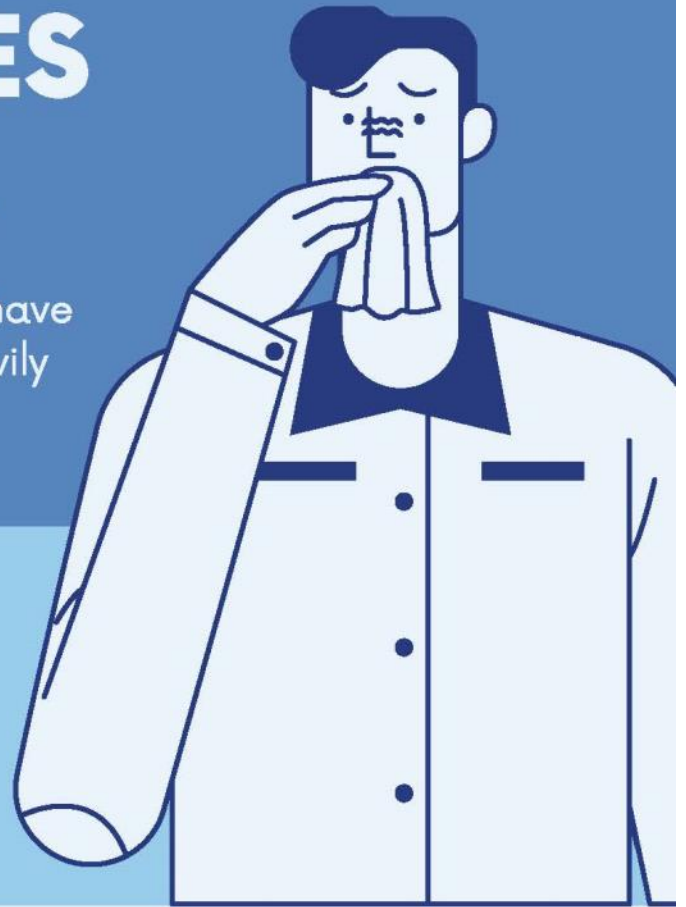

Hi, my name is Melissa Thibodeaux. I have been a member of Desk and Derrick since 2018. I work in Talent Acquisition at EDG, Inc. I have been in the oil and gas industry for 15+ years. Currently I'm a Talent and OFCCP Advisor. I'm passionate about this industry. I feel blessed to be part of a club that is centered around the industry promoting education, training, field trips, networking, and most importantly camaraderie!

I have served as the Chairman for the Desrick for the past 2 years and Director in 2020. I'm now running again for Director in 2021 given 2020 has been a year to remember with the pandemic and storms. I feel we will all need a do over. If given your vote, I will dedicate my time, talent, and energy serving as one of your Directors. Thanks in advance for this opportunity.

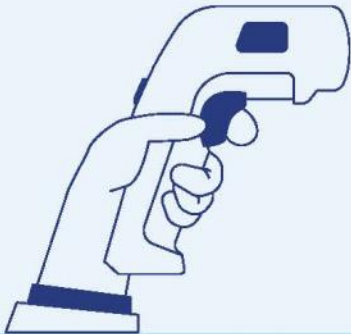

SELF-QUARANTINE PROCEDURES

Self-quarantine is recommended for individuals who have been directly exposed to the new Coronavirus or have a history of travel in infected or heavily populated areas.

STAY AT HOME

Limit all travels, unless going out for food, medicine and other essentials

CHECK YOUR TEMPERATURE
at least two times a day

WATCH OUT FOR OTHER SYMPTOMS

COVID-19 symptoms include fever, cough, difficulty breathing, and fatigue

PRACTICE SOCIAL DISTANCING

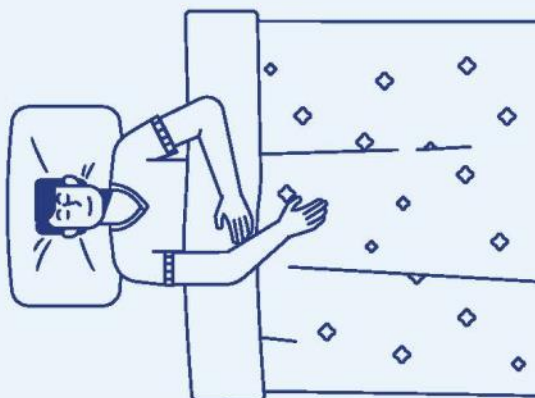

If you need to go out,
maintain at least 2m (6ft)
distance from others

WASH YOUR HANDS WITH SOAP AND WATER

You can also use alcohol or
hand sanitizer

**STAY IN A
DESIGNATED ROOM**
and use designated
toilet/bathroom if possible

CALL YOUR DOCTOR OR HOSPITAL BEFORE VISITING

If you need medical attention (whether for viral
symptoms or other medical care reasons), contact
your doctor or hospital ahead of time so they can
prepare and take precautions for your arrival

OLD-FASHIONED PUMPKIN PIE

RECIPE BY CHEF GUSTOF

1
Chop pumpkin into strips the boil them in a large pot.

2
In a large bowl, mash the boiled pumpkin, brown onion and ground beef.

3
Preheat the oven to 350 degrees F (175 degrees C). Bake for 30 minutes in the preheated oven, or until cheeses are melted.

4
Garnish and enjoy!
